Thank you for filling out the form.  
We will review your dealer status  
and give you access to the Dealer  
Shopping Cart.

We will receive this form and review it. This helps us to know who is wanting to get into the dealer site. Whether it is Returning Dealers or New Dealers or even End Users who aren't sure how they got to the dealer site. There is one more step to getting into the dealer site.

4. Scroll back to the top of the page and click on the 'Log-in' Button.

5. This page will appear. If you are a new site member, click on the 'New to this site? Sign Up'. Click on the **Sign Up** text.

**NOTE:** If you are a dealer and you're already logged in. Try clicking on the

shop button to see if it allows you to enter the shop.

7. For this example we chose to 'Sign-up with Email'.

Fill out the email and password. This email and password are the credentials that you are using to 'Log-in' onto the dealer site.

Success! Your member sign up request has been sent and is awaiting approval. The site administrator will notify you via email (tcsrealemail@gmail.com) once your request has been approved.

OK

You will then get this message. Click 'OK'.

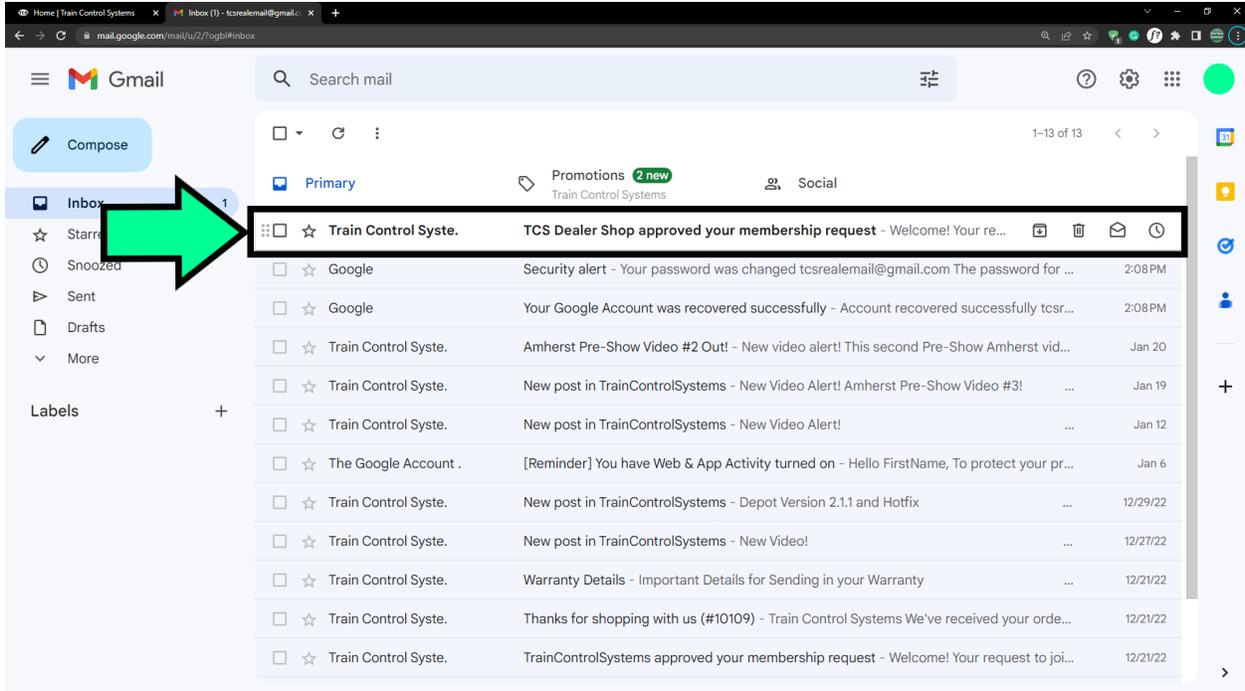

From our end we will see that you are requesting to be a site member. Our procedure is we only let people in who have done both items:

1. Fill out the Dealer Form
2. Request to become a site member

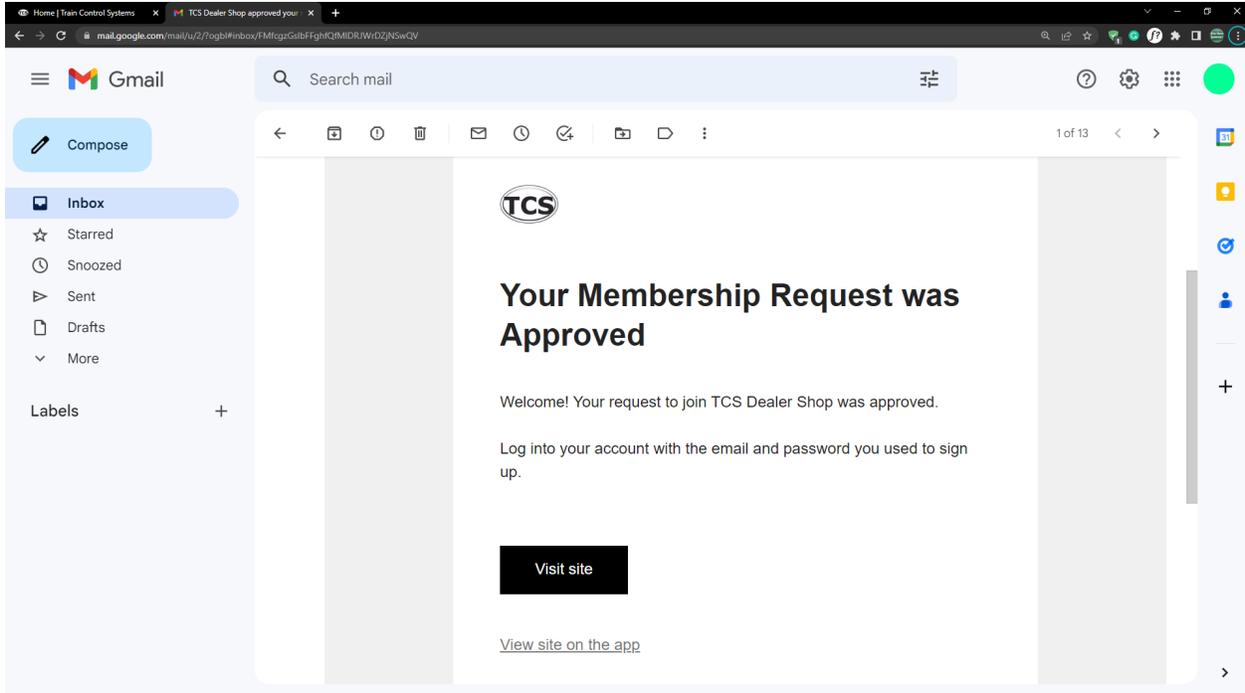

If you have done one of these but not both, we will not allow you into the site.

The reason is, it gives us extra confirmation of our returning dealers and also gives us information on New Dealers that want to join the TCS Dealer Family.

8. Once we approve you, you will get an email that looks like this:

Informing you that we have accepted your Member Request and that we have approved you.

This is what the email looks like when it is opened.

9. Once you have been approved as a site member, you can now Log-in.
